

OFFER FOR *organized groups*

We invite companies, groups of friends, trips, school groups,
groups of seniors and other groups

Silesia is rich in manors, castles and palaces that once belonged to industrialists or noble families. The impressive buildings had various purposes, some served recreational purposes or served as hunting lodges, while others testified to the wealth of the noble family and were the showcase of the region.

Many of the historic buildings have already been revitalized. Unfortunately, some of them have been tarnished by the passage of time. Manors, manor houses, castles and palaces are today called gems of Silesian architecture.

We encourage you to travel around Silesia,
where our buildings are part of this history.

Restauracja VILLA PARK

A cozy place located in the heart of Świerklaniec. Our restaurant offers 2 rooms that can accommodate approximately 150 people. The Restaurant Room is equipped with a large fireplace, which adds charm and coziness to our restaurant, and the banquet room is intended for larger feasts and team-building events.

The Villa Park restaurant also has a patio and a large green garden, which encourage you to spend time outdoors, e.g. during a barbecue.

You can combine a visit to our restaurant with a tour of the Bachelor's Palace, located 800 meters away.

The first mention of the manor in Piekary Śląskie dates back to the 12th century. The farm around the manor was founded and expanded by Kazimierz Kamiński in the first half of the 15th century. Three categories of workers worked on the farm: hired workers, casual workers and serfs. At that time, the Bakery Farm included a brickyard, a lime kiln and a brewery.

We have 5 independent ballrooms and 4 gardens at our disposal, where it is possible to organize outdoor events or intimate integrations around a bonfire.

Our restaurant is characterized by regional and hunting accents in its cuisine, but we also serve Polish cuisine.
